## Groundbreaking held for McAlister's Deli

Special to the E-E

The Bartlesville Area Chamber of Commerce recently held a ground breaking ceremony for the local business, McAlister's Deli. McAlister's, privately owned and operated by the Saxton Pierce Restaurant Corporation, is a regional deli chain with locations in both Texas and Oklahoma. The new Bartlesville restaurant will be the 20th such site for the eatery. Saxton Pierce is experienced in constructing retail centers to accompany its restaurants and this will be the case in Bartlesville.

McAlister's Deli will be located in the future Bartlesville Town Center which will be a multi-level shopping center made up of about 15,000 square feet of retail space. The design includes metal, stone, brick, and a varied color palate - making the shopping center the first of its kind in Bartlesville. The shopping center will be located adjacent to the mall on Hwy 75, just north of Taco Bueno.

Director of development, Adam Saxton, says McAlister's is unique because the deli, "offers over 100 healthy and delicious menu items in addition to our world famous Sweet Tea. Choices range from fresh salads, enormous spuds, a wide variety of hot soups, and sandwiches our customers crave." Also, Saxton predicts the modern shopping center will be "a proud addition to our city." Saxton Pierce's 25 years experience in the restaurant business will help provide a stable cornerstone for Bartlesville's newest shopping center.

Local businesses interested in leasing space in Bartlesville Town Center should contact Roy Brashears of Orion Realty Advisors in Tulsa at 918-248-5481.

The project is scheduled for completion in April of 2006.
