I'll just get straight to the point:
PINKBERRY IS COMING TO
TEXAS!!!!!!

For those of you who have not had the opportunity to experience this "swirly goodness," Pinkberry is basically, the best frozen yogurt you will EVER have. It is one of the things I have missed most

about no longer living in New York City.

Pinkberry [announced](#) yesterday their plans to expand across the US, outside of California and New York (where the lucky citizens of those states have been enjoying the tasty treat since its launch in 2005).

If I'm still in Texas when the Dallas location opens, you best believe I will be FIRST in line to get my cup of original flavor topped with raspberries, blueberries, and chocolate chips. In fact, I'm thinking of camping out in front of the store, affective immediately.

Check out Pinkberry's Web site to start planning your first little cup of heaven:
