WICHITA FALLS, TX, MARCH 21, 2005: Saxton Pierce Restaurant Corporation, a Dallas based restaurant and development company, is currently constructing two new restaurants at 3902 Call Field Road in Wichita Falls. With construction already underway, the restaurants are slated to open Summer 2005.

The first restaurant will be a **McAlister's Deli** and will be owned and operated by Saxton Pierce Restaurant Corporation. It will be the company's 18th McAlister's location. McAlister's Deli is a fast-casual restaurant featuring over 100 menu items in a customer-service focused setting. Prominent menu items include the famous McAlister's Club Sandwich, a variety of fresh salads, enormous Spuds loaded with toppings, and the highly acclaimed McAlister's Famous Sweet Tea. There are over 150 McAlister's Delis nationwide. This is the first in Wichita Falls.

The second restaurant, **Mazzio's Italian Eatery**, will be operated by Ridgeland, MS based Pinnacle Restaurant Corporation. Mazzio's Italian Eatery features pizza, pasta, and salads, delivery service, and a lunchtime buffet. There are over 200 Mazzio's locations nationwide. This is the first in Wichita Falls.

Both restaurants are being developed by SR Properties, LLC, the development wing of Saxton Pierce Restaurant Corporation. The restaurants are being constructed at the intersection of Lawrence and Call Field Roads on approximately 1.7 acres. The combined square footage will be nearly 10,000 square feet and the restaurants will hire over 100 local employees. The site was purchased with the help of local broker Bobby Schaaf of Domain Real Estate Services.
